

100 GRANNIES.org

For A Livable Future

Mission

To educate, advocate, and agitate for renewable energy, pure water, clean air, and a healthy sustainable environment for future generations.

In April 2012, eleven women, mostly strangers to one another, sat down to dinner at the invitation of Barbara Schlachter of Iowa City.

By the end of the evening, this group rose up as the foundation of 100Grannies. Sadly, Barbara is no longer with us, but we continue our efforts to fulfill her legacy.

Some of our founders

Since that time, we have continued
to grow,
both locally and nationally.

Our foremost goal is to provide a
livable future for children and
grandchildren the world round.

We are united to reverse global warming and to halt the climate crisis.

Earth Day March

Educate.

Advocate.

Agitate.

We educate.

Fall film series

Featuring four films or videos on climate issues state, nation, and worldwide.

Spring lecture series:

Four local experts focus on local, state, and national issues.

Participating in Earth Day events

WHY B.Y.O.B? (Bring Your Own Bag)

100 GRANNIES.org
For A Livable Future

We raise awareness about climate issues.
We are...

- Teaching others about the importance of keeping the environment safe and clean.
- Keeping plastic bags and other plastic out of the landfill and the environment.
- Keeping our air and water clean.
- We are living "lightly on the earth" and encouraging others to do the same.
- Moving toward a Fossil Fuel free future.

100 GRANNIES.org
are all the grannies working for a fossil free future.

Reading to children

Being a Good Neighbor - pesticide free yards and parks

Presenting story time at the Iowa City Public Library

Donating Books to ICCSD

Teaching children about the river

Eliminating single use plastic bags

Sewing cloth bags

We advocate.

We have lobbied, and continue to lobby,
our elected officials – local, state and
federal – on climate issues.

Supporting a CAFO moratorium

Marching in parades

And more parades

Supporting the student climate strikers

Standing with Greta

Being acknowledged by the U.N.

We agitate.

Peacefully protesting

Fighting the Bakken Pipeline

Fighting the Bakken pipeline.

Fighting the Bakken Pipeline

Still fighting the Bakken Pipeline

Street Theater in Des Moines

Doing banner Drops

Standing with the student strikers

Protesting peacefully and being arrested.

What can you do?

1. Be educated on global warming and climate change. (i.e. Drawdown)
2. Join a climate advocacy group
3. Advocate for effective climate legislation from your local, state, and federal government officials

What can you do at home?

4. Learn how your individual choices can impact the environment, for example:
 1. Eat a plant rich diet
 2. Support women's education and family planning worldwide
 3. Drive less, carpool, walk, and bike more
 4. Avoid buying plastic
